

Drive performance in your corn crop with Titan® XC. Specifically formulated for impregnation on dry fertilizer blends, Titan XC is the key to quick release and uptake of vital plant nutrients. The unique and concentrated biochemistry in Titan XC provides the broadest range of activity across Phosphorus, Potassium, Sulfur and micronutrients to maximize the return on your dry fertilizer investment.

FEATURES

- Extra concentrated formulation for superior performance on dry fertilizer blends
- Works on the fertilizer you apply it to for consistent performance across all crops and soil types
- Compatible with a variety of dry fertilizer blends (P & K, MESZ, MES10, sulfate of potash, ammonium sulfate)

GROWER BENEFITS

- Expedites nutrient availability of applied dry fertilizer
- Extends uptake of nutrition by changing the way applied dry fertilizer reacts to soils for less waste and more plant
- Drives better root growth and development by enhancing nutrient use efficiency of a dry fertilizer application

RATES

1-2 pt/ton of dry fertilizer
